National Healthcare Decisions Day Proclamation

***WHEREAS:** National Healthcare Decisions Day is recognized across the country on April 16th, it is designed to inspire, educate, and empower the public and providers about the importance of advance care planning; to raise public awareness of the need to plan for health-care decisions, especially those related to end-of-life care and medical decision-making when patients are unable to speak for themselves; and to encourage the specific use of advance directives to communicate these important health care decisions; and*

***WHEREAS:** health care and community organizations across Florida state are assisting people to plan for future health care decisions in the event they are unable to make their own medical decisions and to encourage the use of advance directives to communicate these important health care decisions; and*

***WHEREAS:** a large percentage of Lafayette County residents have not yet prepared for healthcare decisions; in times of crisis and/or at end of life had not had important conversations with their families, loved ones, and their healthcare providers and documented those decisions; and*

***WHEREAS:** it is likely that a significant reason for this large percentage is that there is both a lack of knowledge and considerable confusion in the public about advance care planning and advance directives; and*

***WHEREAS:** one of the principal goals of National Healthcare Decisions Day is to encourage physicians and their care teams, medical groups, hospitals and health systems, nursing homes, assisted living facilities, continuing care retirement communities, hospices and community organizations to participate in a statewide effort to provide clear and consistent information to the public about advance care planning; and*

***WHEREAS:** Community Hospice and Palliative Care of North Central Florida and other health care organizations and community groups have endorsed this event and are committed to educating the public about the importance of discussing health care choices and executing advance directives; and*

***WHEREAS:** The COVID-19 pandemic makes advance care planning even more important with every age group being impacted and 840,000 deaths and counting in the United States attributed to the virus.*

***WHEREAS:** as a result of the month of April 2023 being recognized as "National Healthcare Decisions Month" and April 16th, 2023, as "National Healthcare Decisions Day", more citizens will have conversations about their health care decisions; more citizens will execute advance directives to make their wishes known; and fewer families and health care providers will have to struggle with making difficult health care decisions in the absence of guidance from the patient;*

***NOW, THEREFORE,** through the authority vested in me by the Board of County Commissioners of Lafayette County, Florida, I do hereby proclaim April 2023, as "National Healthcare Decisions Month" with April 16th, 2023, as "National Healthcare Decisions Day" to encourage citizens to increase their understanding and awareness of care at the end of life, discuss their end of life wishes with their families, and observe this month with appropriate activities and programs in Lafayette County, Florida.*

Duly proclaimed this 11th day of April A.D., 2023.

BOARD OF COUNTY COMMISSIONERS
LAFAYETTE COUNTY, FLORIDA

By Ernest H. Jones
Ernest Jones, Chairman

ATTEST:

Steve Land
Steve Land, Clerk of Court

Lafayette County, Florida Proclamation

Declaring April 2023 as "National Healthcare Decisions Month" in Lafayette County, Florida

National Healthcare Decision Day is recognized across our nation on April 16, 2023 to raise public awareness of the need to plan ahead for health-care decisions, especially those related to end of life care and medical decision-making when patients are unable to speak for themselves, and to encourage the specific use of advanced directives to communicate these important health care decisions.

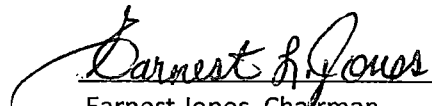

Many Lafayette County, Florida residents have not yet prepared for health-care decisions in times of crisis or at end of life, nor had important conversations with their families and their healthcare with their families and documented those decisions.

It is likely a significant reason for these low percentages is that there is both a lack of awareness and an uncertainty in the public about Advanced Directives.

One of the goals of Healthcare Decisions Day is to raise awareness and provide clear and consistent information to the public about advanced directives, as well as to encourage medical professionals and lawyers to volunteer their time and efforts to improve public knowledge and increase the number of citizens with advanced directives.

Haven Hospice endorses this event and is committed to educating the public during the month of April to stress the importance of discussing health care choices and executing advance directive to make their wishes know.

Through the authority vested in me by the Board of County Commissioners of Lafayette County, Florida, I do hereby proclaim April 2023 as "National Healthcare Decisions Month" in Lafayette County, Florida.

Ernest Jones, Chairman

Attest:

Steve Land, Clerk of Court
